

**To all who donated goods and money for the children of Joplin...**

**We just loaded up 4 trailers, 5 SUV's, and 1 truck with all of the incredible items to take to Joplin. We had diapers, wipes, formula, stuffed animals, clothes for all sizes of little ones, baby food, baby beds, carriers, water, toys, books, and so much more. Your generosity will be so appreciated by the hundreds of families with small children. I spoke with a woman at the Salvation Army in Springfield and they take loads over every day of the needed items. She said the types of items we are sending are exactly what they need. SO, again, thank you so much for all of your help.**

**Our sincere thanks—from all of us at the Center for Family Policy and Research**
